(1000015)

## Extremitas Superior

1	Clavicula	51	Connexus intertendinei
2	Acromion	52	M. extensor digitorum manus, tendo
3	Scapula, spina	53	M. triceps brachii, tendo
4	Humerus		<b>Vasa</b>
	<b>Musculi</b>	54	A. axillaris
5	M. subscapularis	55	A. circumflexa humeri anterior
6	M. supraspinatus	56	A. brachialis
7	M. infraspinatus	57	A. collateralis ulnaris superior
8	M. teres minor	58	A. radialis
9	M. teres major	59	A. ulnaris
10	M. deltoideus	60	A. interossea posterior
11	M. biceps brachii	61	A. interossea anterior
12	M. biceps brachii, caput longum	62	A. radialis, ramus palmaris superficialis
13	M. biceps brachii, caput breve	63	Arcus palmaris superficialis
14	M. brachialis	64	Aa. digitales palmares communes
15	M. coracobrachialis	65	Aa. digitales palmares propriae
16	M. triceps brachii, caput laterale	66	Aa. metacarpaes dorsales
17	M. triceps brachii, caput longum	67	A. ulnaris ramus carpalis dorsalis
18	M. triceps brachii, caput mediale		<b>Nervi</b>
19	M. brachioradialis	68	N. thoracodorsalis
20	M. extensor carpi radialis longus	69	N. ulnaris
21	M. extensor carpi radialis brevis	70	N. medianus
22	M. pronator teres	71	N. musculocutaneus
23	M. flexor carpi radialis	72	N. axillaris
24	M. palmaris longus	73	N. radialis
25	M. flexor carpi ulnaris	74	N. radialis, ramus profundus
26	M. flexor digitorum superficialis manus	75	N. interosseus anterior
27	M. flexor digitorum profundus manus	76	N. ulnaris, nn. digitales palmares proprii
28	M. flexor pollicis longus	77	N. radialis, ramus superficialis
29	M. pronator quadratus		
30	M. extensor digitorum manus		
31	M. extensor digiti minimi		
32	M. extensor carpi ulnaris		
33	M. anconeus		
34	M. supinator		
35	M. abductor pollicis longus		
36	M. extensor pollicis longus		
37	M. extensor indicis		
38	Retinaculum extensorum		
39	Mm. interossei dorsales manus		
40	M. opponens pollicis		
41	M. abductor pollicis brevis		
42	M. flexor pollicis brevis		
43	M. adductor pollicis		
44	Mm. lumbricales manus		
45	M. abductor digiti minimi manus		
46	Retinaculum flexorum		
47	M. palmaris longus, tendo		
48	M. flexor digitorum superficialis, tendo		
49	M. flexor pollicis longus, tendo		
50	M. extensor pollicis longus, tendo		

## Superior extremity

- |    |                                                 |    |                                             |
|----|-------------------------------------------------|----|---------------------------------------------|
| 1  | Clavicle                                        | 50 | Tendon of extensor pollicis longus muscle   |
| 2  | Acromion (acromial bone)                        | 51 | Tendinous junction                          |
| 3  | Scapular spine                                  | 52 | Tendon of extensor digitorum muscle of hand |
| 4  | Humerus                                         | 53 | Tendon of triceps brachii muscle            |
|    | <b>Muscles</b>                                  |    | <b>Vessels</b>                              |
| 5  | Subscapularis muscle                            | 54 | Axillary artery                             |
| 6  | Supraspinatus muscle                            | 55 | Anterior circumflex humeral artery          |
| 7  | Infraspinatus muscle                            | 56 | Brachial artery                             |
| 8  | Teres minor muscle                              | 57 | Superior collateral ulnar artery            |
| 9  | Teres major muscle                              | 58 | Radial artery                               |
| 10 | Deltoideus muscle                               | 59 | Ulnar artery                                |
| 11 | Biceps brachii muscle                           | 60 | Posterior interosseous artery               |
| 12 | Long head of biceps brachii muscle              | 61 | Anterior interosseous artery                |
| 13 | Short (medial) head of biceps brachii muscle    | 62 | Superficial palmar branch of radial artery  |
| 14 | Brachialis muscle                               | 63 | Superficial palmar arch                     |
| 15 | Coracobrachialis muscle                         | 64 | Common palmar digital arteries              |
| 16 | Lateral head of triceps brachii muscle          | 65 | Proper palmar digital arteries              |
| 17 | Long head of triceps brachii muscle             | 66 | Dorsal metacarpal arteries                  |
| 18 | Medial head of triceps brachii muscle           | 67 | Dorsal carpal branch of ulnar artery        |
| 19 | Brachioradialis muscle                          |    | <b>Nerves</b>                               |
| 20 | Extensor carpi radialis longus muscle           | 68 | Thoracodorsal nerve                         |
| 21 | Extensor carpi radialis brevis muscle           | 69 | Ulnar nerve                                 |
| 22 | Pronator teres muscle                           | 70 | Median nerve                                |
| 23 | Flexor carpi radialis muscle                    | 71 | Musculocutaneous nerve                      |
| 24 | Palmaris longus muscle                          | 72 | Axillary nerve                              |
| 25 | Flexor carpi ulnaris muscle                     | 73 | Radial nerve                                |
| 26 | Flexor digitorum superficialis muscle           | 74 | Deep branch of radial nerve                 |
| 27 | Flexor digitorum profundus muscle               | 75 | Anterior interosseous nerve of forearm      |
| 28 | Flexor pollicis longus muscle                   | 76 | Proper palmar digital nerves of ulnar nerve |
| 29 | Pronator quadratus muscle                       | 77 | Superficial branch of radial nerve          |
| 30 | Extensor digitorum muscle of hand               |    |                                             |
| 31 | Extensor digiti minimi muscle                   |    |                                             |
| 32 | Extensor carpi ulnaris muscle                   |    |                                             |
| 33 | Anconeus muscle                                 |    |                                             |
| 34 | Supinator muscle                                |    |                                             |
| 35 | Abductor pollicis longus muscle                 |    |                                             |
| 36 | Extensor pollicis longus muscle                 |    |                                             |
| 37 | Extensor indicis muscle                         |    |                                             |
| 38 | Extensor retinaculum                            |    |                                             |
| 39 | Dorsal interosseous muscles of hand             |    |                                             |
| 40 | Opponens pollicis muscle                        |    |                                             |
| 41 | Abductor pollicis brevis muscle                 |    |                                             |
| 42 | Flexor pollicis brevis muscle                   |    |                                             |
| 43 | Adductor pollicis muscle                        |    |                                             |
| 44 | Lumbrical muscles of hand                       |    |                                             |
| 45 | Abductor digiti minimi muscle of hand           |    |                                             |
| 46 | Flexor retinaculum                              |    |                                             |
| 47 | Tendon of palmaris longus muscle                |    |                                             |
| 48 | Tendon of flexor digitorum superficialis muscle |    |                                             |
| 49 | Tendon of flexor pollicis longus muscle         |    |                                             |
